

SmartWi-Fi home security Starter kit

 **Wireless**

Instant motion detection

Activity tracking with alarm activation

Siren wall plug design

1-year battery life

2-year warranty

Your home in **one app**

A do-it-yourself security solution for the smart home

Nexxt Solutions introduces its new **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out of your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, power strips, bulbs and cameras to security kits, you can now take control and run your home devices, on your own schedule even when you are not home.

Our **Smart starter kit** is the easiest way to enhance your smart home security system. Featuring one motion sensor and two contact sensors, this kit is designed to remotely monitor all the activity around your home by wirelessly communicating with your Nexxt siren (included). Instant notifications will be sent to your mobile device every time motion is detected, or when a door or window is opened or closed. Portable and easily removable, the sensors can also be attached to any other location that needs an extra layer of protection. They work perfectly on knife drawers, sheds, medicine cabinets, hallways and more.

Highlights

- Siren with night light can support over 106 sensors
- Plugs directly into a wall outlet
- Motion and contact sensors let you discreetly keep track of all the activity in your home or office
- Around-the-clock protection - get instant alerts when doors or windows are opened, or motion is detected
- Quick and easy to setup - wireless sensors can be mounted in any location with the double-sided adhesive tape
- Motion detection of up to 26 feet
- Control each device independently
- Portable/removable and easily expandable to fit houses or offices of any size

SmartWi-Fi home security Starter kit

Technical specifications

MPN	AHBWPMO4U1
Smart siren	
General	
Input power	120V-240V
Input frequency	50Hz/60Hz
Mounting type	Plugin module
Connectivity	Bluetooth® LE 4.0 (IoT version)
Operating range	33ft from siren
Sound level	93dB
Operating temperature	14°F -104°F
Physical appearance	
Dimensions	3.3x3.3x 2.2in
Weight	3.9oz
Additional information	
System requirements	- Mobile device running iOS8 or higher, Android 4.1 or higher - Nexxt Home app - Existing Wi-Fi network
Application	Indoor use
Warranty	Two years
Smart motion sensor	
General	
Connectivity	Bluetooth® LE 4.0 (IoT version)
Wireless range from hub	Up to 115ft
Range of motion sensor	26ft
Battery type	CR2450
Battery life	Up to one year
Mounting type	On wall with self-adhesive tape
Physical appearance	
Dimensions	1.8x2.1.1in
Weight	0.9oz
Additional information	
System requirements	- Mobile device running iOS8 or higher, Android 4.1 or higher - Nexxt Home app - Existing Wi-Fi network - Siren is required to operate
Application	Indoor use
Warranty	Two years
Smart contact sensor	
General	
Connectivity	Bluetooth® LE 4.0 (IoT version)
Wireless range from hub	Up to 115ft
Range of contact sensor	Will be triggered when the two parts of the sensor are separated more than 1in
Battery type	CR2032
Battery life	Up to one year
Mounting type	On frame with self-adhesive tape
Physical appearance	
Dimensions	2.4x1.06x3.6in
Weight	0.5oz
Additional information	
System requirements	- Mobile device running iOS8 or higher, Android 4.1 or higher - Nexxt Home app - Existing Wi-Fi network - Siren is required to operate
Warranty	Two years
Box dimensions	4x6.7x4in
