

Wall mount brackets 8U, expandable

PCRWBOP8UBK

Our Hinged wall brackets can be mounted directly onto the wall, and can be used to secure any industry standard 19-inch accessory. Commonly used with all patch panels and cable management panels to give installations an organized, professional appearance, and to save floor space wherever your cables are installed. Ideal for small spaces.

- Steel structure with modular and removable components.
- Available to accommodate EIA industry-standard 19inch panels.
- Follows ANSI/TIA/EIA-568 C.2 manufacturing standards and meets ANSI/EIA RS-310-C, D, E, F criteria.
- One layer of electrostatic coating protects it against humidity, rust, scratches, peeling, strong acid and alkaline erosion.
- Epoxy-polyester hybrid powder coat painted in black.
- For indoor use only, in environmentally controlled areas, may not be used outdoors, in industrial or harsh environments or in plenum spaces.
- Use with shelves or rails to support small modular network or voice switches routers and other network equipment.
- Universal horizontal cable manager and horizontal power strips can be fit.
